## Mexican Sales Manager Visits Mustang Dynamometer Headquarters

**Twinsburg, Ohio, June 24, 2021:** Mustang Dynamometer's Manager of the Mexican market, Mr. Jose Luis Díaz Farías, visits Mustang's world headquarters in Ohio to personally review new dynamometer manufacturing and to hand deliver the latest sales generated throughout the Mexican market. With the restrictions of COVID being lifted, the performance market of 2WD and AWD dynamometers are flourishing. Mr. Diaz said, "The Mexican performance after-market has taken advantage of the static times caused by COVID-19 and educated themselves on dynamometers and the benefits of owning one, such as the return on their investment, the advantages of a Mustang Dynamometer brand dynamometer, and the tremendous opportunities for Mustang and its new members to the Mustang Family."

Through these visits by Mr. Farías, Mustang Dynamometer continues to grow internationally, and highlights its commitment of always providing a timely supply of technical support to regional offices and clients throughout the world.
